

HEALTHY TOGETHER COMMUNITY REFERRAL PROGRAM

Healthy Together, a state-of-the-art referral management platform powered by Unite Us, simplifies and streamlines social determinants of health-focused referrals between medical, behavioral and social care providers to improve health. Participating organizations gain access to a full-spectrum view of the clients they serve, making it easier to determine when, and for whom, services were provided. This program cultivates true collaboration among community partners. Network participants are in a strategic position to prove cost savings to funders, demonstrate and quantify value and shine a light on the benefits of a data-driven, holistic client-centric approach to health equity. There is **no** cost to your organization. Please complete this [survey](#) if your organization is interested in joining!
